Hello Liz,

Can I find out what type of oversight or involvement the EPA has at Valero Partners Houston, which has reported a release of benzene from Harvey-related damage. What kind of air monitoring has the EPA conducted there and what has that monitoring determined?

Melanie

Hello,

This is Melanie Evans at the Wall Street Journal. If someone's free in the next two hours, I am hoping to interview someone at the EPA about efforts to monitor air quality in Texas communities affected by Hurricane Harvey. I am pulling together a story about initial reports from companies to the TCEQ on air emissions events.

I am now in New York and can be reached at [212-416-3708](tel:212-416-3708).

Melanie
